## OUR AIM

The main goal of this Trust is 'the upliftment' of the adivasis in the remote areas of the Nashik District and to bring them in the main stream of the society. It also aims at all round development of the socially and economically deprived tribal population and to help them to realize their potentials and live in harmony with their environment. Through various development programmes, the tribal's are helped to acquire skill relevant to modern times so as to help them to stand on their own. Such self-sufficiency will create in them a sense of self-esteem.

Our target is younger generation who will be more receptive to the new ideas and through them later the entire community will be educated and benefited.

Health-care is one of the spheres in which the Trust works. The people in this area are not cautious about their health-problems. One of the reason is that they cannot afford for it. Medical check-up camps organized by the Trust have proved a boon and timely medical treatment can be extended to them.

We are also working for social awareness of the people in this area. We inculcate through the social gatherings to give up the superstitions etc. We also inculcate the importance of cleanliness and hygiene in them. This helps them to become socially aware and practical.

## ACHIEVEMENTS:-

- A Girls Hostel (Kanya Chhatralaya, intake 110 girls) at Harsul, Tal – Trimbakeshwar, Dist - Nashik is running since 1982. Till now more than 1200 girl students are benefited and they are working in different fields and also discharging their role as an Ideal Mother.
- The Boy's Hostel at Ghoti (intake 50) is running since last 32 years. The students from this hostel are now working in different establishments and some of them are officers also. They have not forgotten their community and are working for the betterment of it.
- At Gangapur, College students Boys Hostel had facilitated an opportunity to the financially needy adivasi students to complete their graduation or post-graduation. Till now more than 150 students are benefited.
- Construction of new and well-equipped building for Harsul and Ghoti Hostels.

- The Vocational Training Center at Harsul has benefited the young generation in this area. Many students mostly women, after passing the Tailoring Course are earning their livelihood in their respective villages. Recently, the computer training is extended to the girls in our Kanya Chhatralaya, Harsul.
- The Mobile Dispensary with the co-operation of Ayurved Seva Sangh, Nashik has extended on the spot medical facilities to the patients in remote villages of this hilly region. Since past 8 years we provide Free Medical Service to the Pilgrims of Sant Nivruttinath Maharaj Vari starting from Trimbakeshwar to Pandharpur.
- The Community Development Project run by this Trust at Bardipada has helped to bring a radical change in the village as well as villagers.
- The programmes like Mandir Nirman, Bhajani Mandal, Adarsh Gram Yojana and Satsang made the 'localities socially aware and they feel a sense of 'oneness' among them.
- A new hostel at Makhmalabad, Nashik started by the trust since 2015, meant for the girls who wish to continue their education after passing X<sup>th</sup> exam. We select the girls coming from financially backward families from Vanvasi area. They reside in the hostel and take college education. From the very poor family girls, we do not charge any fees. Today 30 girls are there who either take their college education or undergoing other commercial courses. A well equipped precious building is constructed for this hostel. The expenditure of this project is meted out of donations, both in cash and kind.
- The trust has constructed the first floor (4000 sq.ft) at Ghoti hostel. It will facilitate us to enroll more needy and financially backward students from the remote adivasi area that will enable us to extend educational facilities for them. The work is completed last year and now in use.

As the programmes and institutions run by the Trust are operative since long, we are expanding our activities and undertaking new missions. Even Govt. and other sectors of the society have praised our work. The accounts are transparent and funds are utilized only for the purpose.

## FUTURE PLANS:-

- The Trust has decided to start one or two job oriented courses both at Ghoti and Harsul hostels. These courses are recognized by I.T.I. (Maharashtra Govt.). For boys there will be courses like Motor Rewinding and Electrician. For girls we will start suitable courses at our Vocational Training Center. The MH-CIT course is also proposed to be started at our Computer Training Center at both the hostel. This will enable the young generation to stand on their own.
- The Trust has decided to utilize the old hostel building at Harsul to start Van-krida Prabhodhini (Sports Training Center for Tribal's). The youngsters in this area have the best potentials in Athletics. They are quite strong and if properly guided, can shine on District / State level. In the first phase, the project will be started for girls in athletics, gymnastics and weight-lifting. The infra-structure and equipments/requirement are worked out. Soon the project will start under the guidance of a qualified coach.
- "AANANDALAY" - The trust has undertaken the construction of an ideal 'VRUDDHASHRAM' (Old age home) at Someshwar, Nashik. We can accommodate 50 needy old incumbants and will provide them required services. The project is Ground + One storey and having an area of 8,000 Sq.ft in total. The plan is sanctioned and the necessary permissions are obtained by the local authorities and the work will soon be started.

(The extra – curricular activities projects mentioned above could not be yet started due to abnormal conditions of COVID – 19, but when the situation will normalize we will start them.)

For all these projects, the Trust totally depends upon the donations from the individuals / institutions. Lastly, the trust requests you to donate generously for its different projects and yeoman's service in the adivasi areas.

THANK YOU
